Anji/Jenni-

Was there any additional follow up on this subject, and Jenni, did you know this was the expectation? I can get involved if necessary, but you should be supporting concurrent repair.

Thank-You,

Good Morning,

I had an appointment and left here at 1330. I think we should pick up training next week. Brittney and Kendra are both gone on vacation and I just got back from being gone for 2 weeks and have a lot of things to catch up on this week. Would that be okay?
